2408 Magazine street.

Directions given when appointment is confirmed

Pre/Post procedures:

Pre:

Do Not wear Moisturizers, makeup or deodorant to your session. (If you need to wash your makeup off when you arrive that is fine) Wear dark Loose fitting clothes, No closed toe Shoes, flip flops Recommended. Additionally ***VERY IMPORTANT!!*** exfoliate, wax/shave, & your mani/pedi, before the day of your session. Do moisturize the driest areas: hands, elbows, knees, & ankles a few hours before your tan

Post:

When you shower the first time after your tan **Do Not** soap your body or use any kind of harsh soap. It is recommended to simply Rinse in lukewarm water. You will see the bronzer in the bottom of your shower. This is totally normal. When you get out pat your skin dry. Immediately, moisturize your skin. Reapply moisturizer as much possible and before bed.

!!VERY IMPORTANT!!!

Your tan DOES NOT act a base tan. You must wear sunscreen to avoid a sunburn. However, your tan will not impede you from a natural tan with a lower Spf (not recommended)
